Mr. and Mrs. Oliver Thibodeau Renew Marriage Vows at Notre Dame Church—Descendants Present.

At a nuptial mass in Notre Dame church Thursday morning, Mr. and Mrs. Oliver Thibodeau renewed their marriage vows which were originally taken in St. Julie, Que. 50 years ago.

Rev. E. C. Drouhin was the celebrant of the mass and Mr. and Mrs. Thibodeau were attended by two of their grandchildren, Oscar Desrochers of Berlin, N. H., and Bertha Lamontagne of Biddeford, Me. Following the ceremony a wedding breakfast was served at their home on St. Mary street, attended by over 100 relatives and friends. The reception to neighbors and relatives continued through the afternoon and last night the lawn was illuminated and refreshments of ice cream, cake and cigars dispensed to many friends who called to extend congratulations. Mr. and Mrs. Thibodeau were the recipients of many beautiful presents in recognition of their 50th anniversary among them being a purse of \$50 in gold from their children.

Mr. Thibodeau was born in St. Marie de Beauce, Que., September 16, 1845, the son of Paul and Mary (Dulac) Thibodeau. His wife was formerly Miss Caroline Marcoux, the daughter of Mr. and Mrs. Pierre Marcoux and St. Maurice, Que., where she was born December 10, 1844. They were married at St. Julie 50 years ago by the Rev. Fr. Martel and came to St. Johnsbury about five years later. Mr. Thibodeau has recently completed 40 years in the service of the railroad and has been a member of the Grand Union of St. Johnsbury since 1884. He is still engaged in that work.

Of nine children born to them eight are now living. Mrs. Paul Lamontagne of Biddeford, Me., Arthur Thibodeau of Chicago, Henry Thibodeau of Gardiner, Me., Mrs. S. J. Desrochers of Berlin, N. H., George Thibodeau, Mrs. Edgar Froxy, Mrs. Frank Short and Mrs. Alcide Roy all of St. Johnsbury. There are 26 grandchildren. All of their eight children and many of the grandchildren were present for the anniversary.

Mr. Thibodeau also has two sisters who were present, Mrs. Rose Deslites of St. Johnsbury and Mrs. Adelaide Hannan of Biddeford, Me.

SUMMERTIME PLAYGROUNDS

Opening Week a Great Success Both in Attendance and Benefits.

The opening of the Summerville playground last week was an exceptional success in that the boys and girls entered into the spirit of the play with enthusiasm and enjoyment. From the smaller children entertained with work in the sandbox and in the paper folding and cutting, to the older boys and girls engaged with baseball and basketball the hours of play passed rapidly and profitably for those who attended.

The grounds are well equipped with almost everything necessary for open-air play. Swings have been erected and teeter-boards built, a fine tennis court has been laid out and the grounds are arranged for ball and basketball. Baskets have been erected and a playing floor marked out for basketball.

There are sand-boxes for the small children as well as a full equipment for those who care to take part in paper folding and cutting, which with basketball make up the industrial work carried on, together with the sports at the playground.

Miss Gratia Balch was in charge of the ground last week and was ably assisted by Miss Sigrid Eklof and Carpenter, Miss Sigrid Eklof and Charles Hoernle, who has been looking after the boys' sports and developing baseball material for a junior team.

Missing Man's Property Taken Over

Fred B. Cushman left town Tuesday and until a letter was received by Attorney Hill Friday, stating that he would be away for two months, his family had no knowledge of his whereabouts. The letter was mailed from some railway postoffice.

Mr. Cushman has long been known as a cattle buyer in St. Johnsbury and in all the surrounding towns for many miles.

It is understood that financial difficulties are the cause of his departure, as judgment on a chattel mortgage is to be met Saturday in a sheriff's sale and the farm supposedly owned by Mr. Cushman near East St. Johnsbury has been taken over by Edgar O. Cushman of Waterford, through his attorney, Guy Hill.

The hay and all crops on the place have been included in taking over the property.

PILVER FOUND GUILTY

Exceptions Taken Preparatory to an Appeal—Many Witnesses Called in Trial Before Judge Frye.

Joseph Pilver was found guilty of selling Jamaica ginger at a bazaar after a trial by jury heard before Judge G. C. Frye of the municipal court at the court house Tuesday afternoon. Exceptions were taken by the respondent's counsel, D. E. Porter, of Porter, Witters and Harvey, in preparation for an appeal of the case to a higher court.

The warrant for the arrest of Pilver came after a raid made by the local officers on the respondent's store on Railroad street, opposite the corner of Portland, in which raid about four dozen bottles of "Jaikie" were found hidden in various parts of the store, other than on the shelves.

The raid came as the culmination of the large number of arrests made for intoxication within the past three or four weeks. The parties arrested had invariably loaded up on "Jaikie" and in many instances bottles of goods were found on them. These cases set the authorities on the lookout for the source of supply and led to the raid and arrest of Joseph Pilver.

Sheriff Worthen was the first witness called by the States Attorney Norton and he testified to finding the bottles of Jamaica ginger in various places. This testimony was corroborated later by Chief Finley and Officer Coburn, who were present at the raid. Testimony was given as to finding bottles of Jamaica ginger in a bin covered over with shelled pea corn. Bottles of the goods were exhibited of different brands containing from 50 to 90 per cent alcohol. Bottles of wintergreen, peppermint, cough syrups and even liquid veneer were used as exhibits by the defense to show that the officers discriminated in their search, and even though some other essences containing alcohol were nearby the admission was made by the officers that they did not see these but were only on the lookout for "Jaikie."

George Hull was called and testified to having been arrested Saturday for intoxication and said he purchased Jamaica ginger from the respondent, but was unable to state what happened after his first two trips to the store, and could not remember when arrested, or by whom. He admitted getting it before at Pilver's, and said when asked as to the procedure of getting it, that he asked for it and got it. When called to the stand a second time the defense tried to get an admission from Hull that as his case for intoxication was not settled and that it might go hard with him for the offense, that the state had impressed the fact upon him and that it was with the hope of getting off with a light sentence that he was giving this testimony. The witness denied emphatically that he had any such intention or had had any such talk with Sheriff Worthen.

Practically the entire family of David Lamere was called to testify from the father down to Esther Lamere, about nine years old, whose testimony was given in French and interpreted by one of the jurors.

David Lamere acknowledged getting Jamaica ginger at Pilver's and made statements that were flatly contradicted by the rest of his family, who testified later as to his sending the children to the store for the Jamaica as many as three or four times a day, even when there was other liquor in the house.

Dr. Tierney testified that there were cases where a doctor would prescribe Jamaica ginger for a patient. When asked in what case such a dose might be given he said dilerium tremens.

The defense placed witnesses on the stand to show that when Jamaica ginger was sold from the store it was with the idea that it was to be used for medicinal or home purposes and that in no case was it sold otherwise.

The jury hearing the case was as follows:

W. F. Welch, Thomas Rickaby, A. F. Lawrence, P. A. Fletcher, George H. Morrill, B. C. Sheldon, C. E. Peck, H. W. Blodgett, George Cobleigh, Arthur Stevens, T. J. Tierney and A. W. Flint.

STENOTYPY

is a method of recording dictation, using a little machine called the stenotype, instead of the former plan of pencil or pen. Just as the typewriter is more rapid and more legible than the pen, so is stenotype more rapid and more legible than pen or pencil shorthand. The work appears in plain type letters, and notes of one word can be read by any other stenotypist. No more "cold" notes, and inability to read the matter dictated. High speed in shorthand or shorthand detracts from the legibility of what is written, but in stenotype it does not. For particulars of this great improvement over shorthand, address
